

Free access to MIMS mobile products!!

If you work for the health departments in **Victoria, Tasmania, New South Wales** or **ACT** you can access iMIMS (app for iPhone – can be used on iPad and iTouch) or MIMS Mobile (for all internet based smartphones).

iMIMS has full product information, abbreviated product information, drug interaction checker and the pill identification module. You can browse by generic name, brand name, action & indication, therapeutic class or company.

MIMS Mobile has full product information, abbreviated product information and drug interaction checker.

To get iMIMS

To take advantage of this great opportunity go to the App store and download the iMIMS app (TIP: be sure to look for iMIMS Australia – there are a few iMIMS apps out there that belong to other countries).

You get a 7 day free trial. During that 7 days go to your health department resources portal and find the link for iMIMS. Register through that link and your app will automatically be given the subscription.

To get MIMS Mobile

Go to your health department resources portal and find the link for MIMS Mobile. Follow the prompts to register for access.

If you have any problems contact us on 1800 800 629.
