

New Products - Optive Advanced

Optive Advanced (**carmellose sodium, glycerin, polysorbate 80**) is a lubricant eye drop. It is indicated for the temporary relief of burning, irritation and discomfort due to dry eyes or exposure to wind or sun. It may also be used as a protectant against further irritation. Optive Advanced is available as a 15 mL bottle.

This list is a summary of only some of the changes that have occurred over the last month. Before prescribing, always refer to the full product information.
